

Director of Performance Improvement/Regulatory Compliance Philadelphia, PA

Fairmount Long Term Care/Philadelphia Nursing Home, a 451-bed, long-term care facility in the Fairmount section of Philadelphia, is seeking experienced candidates for the following opportunity:

In this role, you will coordinate the organization's PI Program and Regulatory Compliance activities for a 451-bed, urban skilled nursing facility. Duties include:

- Serving as a resource to all facility management staff in the development and implementation of an ongoing PI Program, including medical staff credentialing and emergency preparedness.
- Planning, designing and implementing programs in coordination with the management team for Corporate Compliance and all applicable regulatory requirements, including, but not limited to, Corporate Compliance and HIPAA security and privacy.

Requirements:

- Bachelor's degree in Nursing or Healthcare Administration.
- Minimum of 3-5 years experience in performance improvement and healthcare regulatory activities.
- Must be able to handle several projects simultaneously, communicate and listen actively, and teach others.
- Excellent computer skills, including PowerPoint and Excel, and statistical analysis.

We offer:

- Comprehensive benefits package, including 401(k) pension plan
- Free parking on a secure campus
- Convenient access to public transportation

Interested candidates should forward resumes to:
